BOSUN CHAIR

Simple and light temporary working platforms

124.010

A pendant control must be installed to operate the Tirak® hoist

Installed Tirak® hoist

Tractel® has designed simple and light temporary working platforms to perfection. With over 50 years of designing and manufacturing innovative products and solutions for lifting, pulling and supporting all kinds of loads, Tractel® has become a world leader in the temporary access market.

Tractel® has a wide range of simple temporary access machines designed for work at heights and that has to be done in a quick and efficient manner.

Please Note: The use of this equipment is unsafe and unlawful without proper fall protection equipment being provided by you and used in accordance with the requirements of Federal, State, Provincial and local regulations.
