Signature Dipl.-Ing. (FH) Brockschmidt

The type tested complies with the test specified above.
The holder of the certificate is entitled to affix the DGVV Test mark shown overleaf to the products complying with the type tested.
The present certificate including the right to affix the DGVV Test mark is valid until: 2023-08-01
Further provisions concerning the validity, the extension of the validity and other conditions are laid down in the Rules of Procedure for Testing and Certification.

Intended purpose:
as a component of an attachment system in a personal fall protection system of the personal fall protection equipment with limitation of the impact force and of the fall distance

The fall arrester is approved by EC-Type Examination Certificate No. 0082/352/160/04/16/0159 for the intended use in accordance EN 360: 2002 and CNB / P / 11.060: 2014 by the Apave Sudeurope SAS according Directive 89/686 / EEC.
Maximum total length of the system is 1,80m. The device is for use in working baskets on mobile lifting platforms to prevent a fall from a height about a throwing out of the working basket, with a maximum rated load of 150 kg.
