

Dealer name : _____

Name of the user company : _____

Sector of activity : mechanical engineering metallurgy / steel industry railway
 nuclear industry off-shore public works military
 other : _____

DESCRIPTION OF THE LOAD

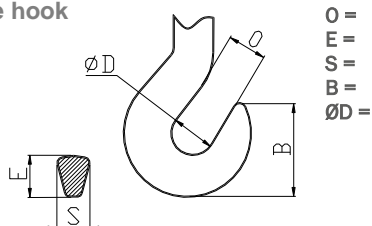

- Type of product to be lifted :
- (Please provide a Drawing / Sketch)
- Is the load? Isolated Wrapped & palletized In packet Other :
- Shape of the load? Square Rectangular Circular Other :
- Position of the load Horizontal Vertical
- Weight : min. = kg max. = kg
- Length (L) : min. = mm max. = mm
- Width (l) : min. = mm max. = mm
- Height (h) : min. = mm max. = mm
- Ø int : min. = mm max. = mm
- Ø ext : min. = mm max. = mm
- Type of taking External Internal Other :
- Area of grip On the width On the length Inner diameter Outside diameter
 On the thickest part Other
- Operating type function? Manual Semi-automatic Automatic
- Position of the gravity center : Centered Off centre
 (if offset, please provide a drawing with the position of the center of gravity marked on 3 axis)
- Temperature of the load? Ambient Other (specify) °C
- If high temperature, please indicate the operating time:
- Material of the load? Steel Wood Stone Marble Melting Other :
- Load surface state? Smooth Polished Rough Abrasive Other :
- Rigidity and fragility of the load? Rigid Soft Fragile friable Other :
- Non-marking? Yes No

LIFTING DEVICE AND ENVIRONMENT

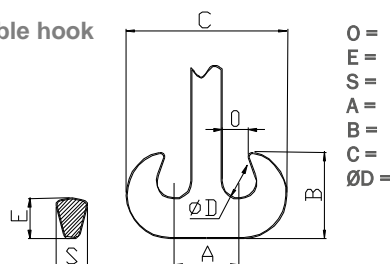

Type crane mobile crane overhead crane other : _____

- Capacity of the lifting device : kg
- Type of suspension hook :
 Single hook Double hook Other (specify) :

Single hook

Double hook

- Does the hook oscillate? Yes No
- Available height under the hook : mm

ADDITIONAL INFORMATION

- Is the load taken : From the floor On a support
- Is the load to be set down : On the floor On a support
- Is there enough space around the load to do the handling? Yes No
- Is the load to be rotated? Yes No (If yes, mention the way they want to rotate it)
- Height of potential support : J = mm

- The equipment will be used : Outside Inside
- Particular environment :

USE

- Approximate number of uses : / hour **or** / day **or** / month **or** / year

CURRENT HANDLING APPLICANCE

- Does not exist
- Similar equipment used:
- Another type of equipment is used:

NOTES – DRAWINGS
