

## DESCRIPTION

### Transport trolley for tirak™ series X500, X700, X800, X1530.

Ergonomics and light, the trolley allows tirak™ to be transported by only one person on any type of terrain.

Adjustable handle to allow a perfect transport within a range of 1.000 to 1.300 mm high.

This compact solution allows it to be left on the tirak™ when in operation.

The wheels and their removable shafts allow the trolley to be left and used on the tirak™ within limited space.

## TECHNICAL CHARACTERISTICS

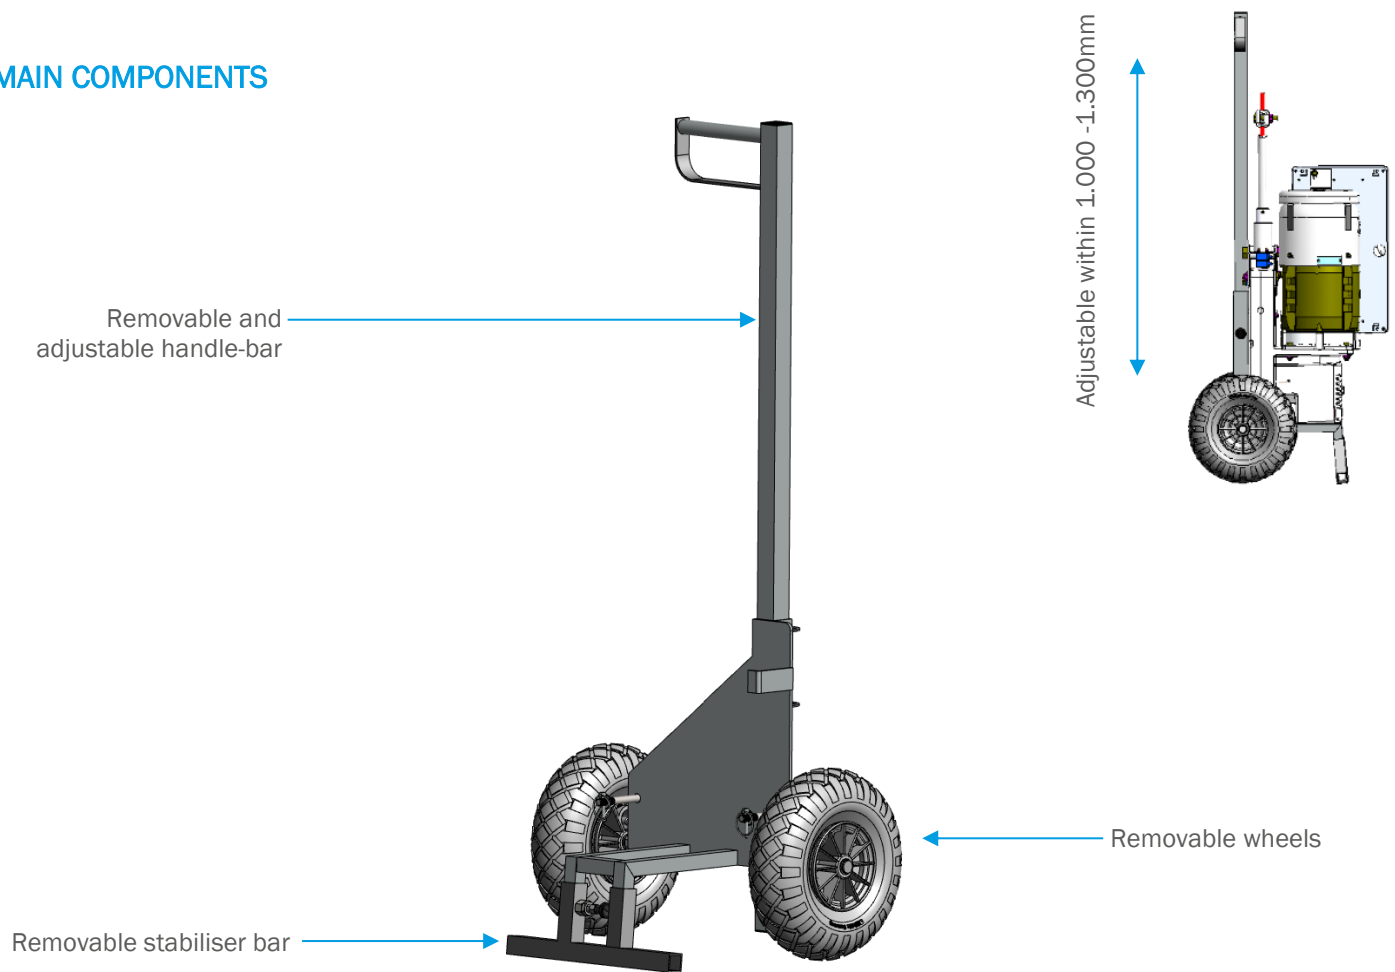

Trolley dimensions: 1130x550x400mm (HxWxL)

Weight: 8,8 kg

Off-road wheels: 260x85mm (three-wheel solution can be ordered as an option)

Handle bar: 1.000 – 1.300 mm high
